

Gordon Russell Limited

Special Announcement

May, 2009

Gordon Russell Limited is pleased to announce a new partnership with Hansen Transmissions in becoming their 'SELECT' authorized distributor for British Columbia and Alberta.

The Hansen 'SELECT' Distributor program is designed to offer Western Canadian Industry a factory direct distributor for their Hansen needs. This allows the development of a strong regional presence that customers can depend on for service and supply.

Hansen Transmissions is a widely respected manufacturer of helical based gear units used extensively in North American Heavy Industries such as Pulp & Paper, Mining, Materials Handling as well as supplying to a significant OEM client base. From inventory located in both Canada and the USA Hansen provides prompt reliable service to our customers.

From their highly successful PowerPlus™ model introduced in 1980 to their new innovative UniMiner™ Hansen has strived to offer both exceptional quality and superior gearing designs to today's industry.

From our locations in **Richmond, BC** and **Red Deer, AB** Gordon Russell Limited offers direct contact for the sourcing of Hansen replacement units & parts, technical assistance and repair services. Since 1930 we have grown with Western Canadian industry, servicing their Power Transmission needs as well as providing a focused, knowledgeable partner with our suppliers.

Gordon Russell Limited looks forward to being of assistance with your Hansen requirements so please do not hesitate to contact us with your questions or inquiries.
